### Insurance Act to Come Into Effect.

London, Jan. 11.—Next Wednesday is the day on which the benefit provisions of the much-discussed National Insurance Act will come into effect. The act, it will be recalled, is a measure for insuring working people against illness or disability by means of a fund to which the workers themselves, their employers and the government contribute in certain specified proportions. It will affect more than 13,000,000 persons of all ages, sexes, and occupations. Under its provisions all workers are entitled to get free medical attendance when they are ill, and if permanently incapacitated from earning a living for themselves, a benefit until their seventieth year, when they will be entitled to enjoy the benefits of the Lloyd George old age pension law of 1909.

No other social reform measure ever passed in Great Britain equals in magnitude or importance the National Insurance Act. The measure is of necessity a highly complex one, and will take much time and patience to get it into smoothly running order. The greatest opposition to its enforcement has naturally come from the medical profession, who see in its operation a big decrease in their revenues. For a time it looked as though the opposition of the physicians would prove an insurmountable obstacle. The British Medical Association openly declared a boycott and took steps to prevent any of its members from complying with the act. But with mutual concessions on both sides, the difficulties that at first confronted the government in its enforcement of the act appear to have been largely overcome. Many physicians are still hold-

ing out, but many others have offered their services under the new terms and it now looks as though the government will be able to put the act into effect on the day set.

### STATE WANTS ITS TAXES

FROM OKLAHOMA CENTRAL  
Oklahoma City, Jan. 11.—Assistant Attorney General W. C. Reeves has returned from Muskogee, where he commenced an action on behalf of the state in the federal court to compel the receiver of the Oklahoma Central railroad to pay \$30,000 back taxes in Pontotoc county.

The company has been in the hands of a receiver for about five years, during which time it has neglected to pay the taxes which have accrued and it is the intention of Attorney General Charles West to collect them, if possible.

### National Automobile Show Opens.

New York, Jan. 11.—Madison Square Garden opens its doors tonight for the thirteenth National Automobile Show under the auspices of the Association of Licensed Automobile Manufacturers. If the number, variety and high class of the exhibits count for anything the show this year is certain to establish a new record for general success. Nearly 2,000 products of various makers are included in the display, the exhibits ranging from completed cars of the most luxurious pattern to the smallest fittings used in automobile manufacture. The decorations of the interior of the Garden are of a most elaborate nature. The general scheme is a reproduction of the Palace of Versailles.

## ARDMORE TIRES OF COMMISSION FORM

Ardmore, Ok., Jan. 11.—Four petitions are being circulated among the qualified voters of this city asking that the matter of abolishing the present commission form of government be submitted to the people at an election to be called by the mayor preceding the coming spring election.

It is understood that these petitions are being generally signed by the majority of those to whom they are presented.

The petitions allege that the commission form of government is undemocratic and too expensive. They further allege that since the adoption by Ardmore of the commission form of government, the city has been plunged into debt and the public affairs mismanaged. As a remedy, the petitions ask that the form of government be adopted that is provided for by the Oklahoma state statutes governing cities of the first class.

The law provides that when these petitions are presented to the mayor and contain the names of twenty percent of all the voters who cast their votes at the last general election he shall call a special election and submit to the decision of the people.

## COTTON SHIPMENTS FROM HOLDENVILLE 10,000 BALES

The 1912 cotton shipment from Holdenville is more than the 1911 shipment. The railroads here report 9790 bales as having been shipped up to Tuesday of this week with about 300 bales in the yards and on the platform ready to ship. This will run the total shipment from Holdenville for the 1912 crop over 10,000 bales. It is estimated that this cotton brought something over \$600,000. The total shipment for the 1911 cotton crop from Holdenville was 9732.—Holdenville Democrat.

## FRANCE MAY UPSET PRECEDENT

Paris, Jan. 11.—On Friday of next week the National Assembly, composed of the Senate and Chamber of Deputies, will meet to elect a new president of the French republic for a term of seven years and unless all indications fail their choice will fall upon M. Raymond Poincare, the present premier. There is only one other candidate of prominence in the field, Senator Ribot, but it is generally conceded that his chances against the brilliant premier are exceedingly slim. In view of the fact that for the past twenty years, that is, since President Grevy was in office, it has been the custom to elect to the presidency men of rather small calibre, not always weak, but inaggressive and willing to become figureheads, mere creatures of the chambers, limiting themselves to presiding at public functions and promulgating the decrees of the legislative body, the election of M. Poincare would mean a radical departure from precedent, perhaps the beginning of a new era in the evolution of the government of France.

M. Poincare was born at Bar-le-Duc Department of the Meuse, in 1860. He studied law and literature in Paris and received his degree as soon as he was of age. He was then appointed secretary to the Advocates' Conference, took up the distillery interest for his specialty at the bar and in a few years became noted for his unusual ability and brilliancy. In January, 1886, he obtained his first government position as chief clerk of the Ministry of Agriculture, holding that place until June, 1887. In that year he was returned to the Chamber of Deputies at a by-election in the Department of the Meuse. He was made reporter of the Budget Committee in 1892, and in April, 1893, declined the Ministry of Finance offered to him by M. Dupuy, accepting, however, the position of Minister of Public Instruction.

When the downfall came of the first Dupuy cabinet, in December of that year, M. Poincare was again made reporter of the Budget Committee, and had charge in the Chamber of Deputies, in January, 1894, of the bill reducing the rate of interest on Rentes. When M. Dupuy formed his second cabinet at the close of May, 1894, M. Poincare was made Minister of Finance. At that time he was strenuously opposed to an income tax, and declared that he would resign rather than contemplate its imposition. Subsequently he consented to dally with its extremist form, the progressive income tax, but finally, on the break-up of the second Dupuy cabinet, in January, 1895, he refused to enter the new Ministry, if it should contain both himself and M. Cavaignac, the special champion of the income tax.

In 1906 M. Poincare returned to the cabinet under Clemenceau, serving as minister of finance, and after his chief's fall in the senate as the representative from the Department of the Meuse. For a short time he was Minister of Public Works and after the fall of the Caillaux ministry President Faillieres, in January, 1912, offered him the premiership. M. Poincare did not at once consent, but requested time for deliberation. Not until after he had ascertained that he would be able to form a strong and acceptable cabinet did he accept the premiership. It was a critical moment in the history of the French Republic and the whole world realized that it would require a strong and skillful hand at the rudder of the ship of state to prevent the craft from becoming hopelessly wrecked upon the dangerous rocks in its path. M. Poincare proved himself fully equal to the task and with infinite tact and skill guided the affairs of his country upon safe ground.

M. Poincare is a man of exceptional ability and brilliancy and an unlimited capacity for work. He did not, at first, like politics, but embarked upon a public career when duty called him. He is a man of strong character, independent in his views and free from any suspicion of being in any way connected with political intrigues or identified with any dishonest schemes. He is a man of undoubted integrity and of high ideals, of keen perception, great analytical and administrative ability and one of the best parliamentary and academic orators of France, with a versatility almost encyclopaedic.

At one time in this life M. Poincare

Admore is circulating petitions for an election to return to the old form of government and Guthrie is circulating one to recall some of its commissioners. Evidently Ada is not the only Oklahoma city that was stung in the election of some of its commissioners.

The Muskogee Press has evidently been listening at its own keyhole, for it has discovered the existence of a conspiracy in the legislature to elect Haskell to the senate to succeed Owen the voice of the people to the contrary notwithstanding. The political life of a legislator who would thus flagrantly violate his instructions from the people would be cut mighty short, and the names of the traitors would soon be discovered and made public.

## A BROAD GAUGE EDITOR.

It is reported that the same crowd who are trying to kill a number of our state schools in the interest of building up a big state university were opposed to the free school system in the state constitutional convention. These big state universities are for the benefit of the rich but are kept up by taxes on the common people. Let's keep the schools we have so the common people can get the good of them. —Holdenville Democrat.

## TERM OF COUNTY COURT ENDS

Instead of the usual \$50 and 30 days in a liquor case, Joe Winn was given \$200 and 90 days by the jury before whom he was tried Friday.

The trial of A. B. Lewis, charged with selling blackberry ginger, resulted in a hung jury, and the case was afterward dismissed on motion of the county attorney.

Lon Jackson, convicted of slandering a woman, was given \$500 and 90 days by the judge, to whom the matter of assessing the punishment was left by the jury.

The trial of Walter Daggs on a liquor charge was the last of the term and resulted in an acquittal.

The week in county court has been a very successful one for County Attorney Roland. Every case except the above that has gone to the jury resulted in a conviction, with the exception of two hung juries, one of which was a city case on appeal and not originally a county case. If he keeps up that kind of a record he will soon rank as one of the most successful prosecutors in Oklahoma.

## WOULD ENROLL MISSISSIPPI CHOCTAWS

Washington, Jan. 10.—A subcommittee of the House Committee on Indian Affairs today reported favorably to the full committee the Harrison bill to enroll the Mississippi Choctaws on the tribal rolls of the Choctaw Nation in Oklahoma. The vote of the subcommittee stood 2 to 1. Representatives Russell of Missouri and Smith of New York voted in favor of and Representative Miller of Minnesota voting against, permitting the enrollment.

It is contended that should the bill pass congress it would require the passing upon 30,000 applications, but Representative Harrison of Mississippi, the author of the bill, says it would

## HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

"I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

sage of the Harrison bill is being made by the friends of the Oklahoma Choctaws, and it is not expected that the bill can be put through the senate, even if it should go through the House, which also is considered doubtful.

## Pretty Compliment.

The Disraelis were visiting Strathfeldsaye in the time of the old duke of Wellington. Going up to the bedroom, Disraeli found his wife and her maid moving the bed from one side of the room to the other. When he inquired the reason, his wife said: "Well, my dear, the duke sleeps on the other side of the wall, and if I lie against it I can boast that I have slept between the two greatest men in England."—San Francisco Argonaut.

admit not more than 5,000, to the Choctaw rolls. On behalf of the Choctaw Nation it is claimed that 5,000 new names to the rolls would wipe out all residue holdings of the Nation.

The opposition to the bill in the full committee is keen, but it is not yet certain whether the measure will fail in the committee. Every member of the Oklahoma delegation is said to be opposed to the bill, except possibly Representative Bird McGuire.

Representative Stephens of Texas, chairman of the Committee on Indian Affairs, is counted as opposed to the measure, although in favor of a limited opening of the rolls. The Interior Department is opposed to the Harrison bill, although it favors a limited increase of the tribal members, however, not through the reopening of the rolls, but by the adoption of a supplemental roll.

## AFTER COUGHING MONTHS

Brooklyn, N. Y., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for three months?

Mrs. Maria Primrose of 87 Newell street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully three months and felt tired all the time because my rest was broken. The effect of taking your cod liver and iron remedy Vinol is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way."

It is the combined action of the medicinal elements cods' livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened run-down system.

Try a bottle of Vinol with the un-

The most gallant charge in his story at Balaklava, October, 1854, during the Crimean War—immortalized by Tennyson's famous poem—is here reproduced on a scale of tragic grandeur never before reached in motion pictures. There is a thrill in almost every scene, reaching a climax which is indelibly touching. Mr. Edison has spared no expense in producing this great picture. Every detail of the memorable and fruitless charge of the gallant English into the very jaws of death is shown in the picture, and make the poem all the better understood by the reader. This is an entertainment of unusually high grade. Last appearance of DeLoss and Pearl.

## A Letter From a Pleased Customer

Logsdon Bros. & Co., City

Jan. 4, 1912

Gentlemen:

Several months ago you sold my little boy a pair of shoes which have given splendid satisfaction. I am sending this note to you by him, and would like to have you fit him with another pair of the same brand he is wearing. I feel sure you will treat him as fairly as you did the last time he bought of you. Thanking you for this service, I am,

West Sixteenth Street.

The above letter from one of our satisfied customers tells its own story. Parents can send their children here with perfect assurance that they will receive every attention accorded grown-ups, and that the little fellows will be dealt with honestly. In fact, honesty is the paramount principle of this store. We don't want business if we have to resort to fraudulent means to obtain it.

### A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify--no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, South Bend, Ind.

### NORMAL NEWS.

Pres. Briles went to Coalgate yesterday where he addressed the County Teachers' Association of Coal county last night. Mr. Sears will address the Association today.

The Normal Cornet Band, under the leadership of Mr. Pentem, is progressing nicely. The band is composed of 14 pieces and will probably make its first public appearance in the near future.

The E. C. S. N. Boys Basketball team defeated the Holdenville High school team last night 23 to 17. The Normal will play Calvin tonight.

The girls' basketball team will play Atoka High school at Atoka next Monday and expects to add another scalp to the Normal's belt.

The Forum Debating club has arranged to organize itself into a legislature for the purpose of better informing themselves upon parliamentary drill. The house will organize next Friday and there is considerable political milling around during noon hour and the intermissions of classes.

The avowed candidates for speaker from the democrats are Harvey Black and Frank McCain. The republicans will probably place the name of Max Brents before the house, and it is believed that his personal popularity

will draw a few democratic votes. Although he is a Bull Moose he will be supported solidly by the stand-pat element. It is impossible to get a line on the relative strength of Black and McCain. Black is promising everything and McCain is promising nothing. Black is popular and will receive considerable indirect support from the suffragettes in the normal. It is true they can't vote but many of them have brothers who can. McCain is sawing wood and will doubtless have a strong following from the athletic element, for it is well known that he will introduce a bill appropriating \$1,000,000 for a gymnasium for E. C. S. N.

The matter of caucus chairmen has been discussed some. Boone Jones will without a doubt, be made caucus chairman of the republicans. Ray Robison, Virgil Cottingham and Bob Kerr are mentioned prominently for democratic caucus chairman but it is impossible to get a line at present.

#### First Baptist Church.

Sunday will be the beginning of special protracted services. It is to be conducted by home folks. The pastor will do the preaching. Cottage prayer meetings will be held every afternoon at 3 o'clock in the homes of the different church of the city.

We cordially invite the Christian people to co-operate with us. Preaching at 7:30 p. m. every evening. Song service at 7:15.

Robert Nester, who has resided in this section for many years and is one of the best known of the early day officers who maintained order here when things were woolly, left this morning for Shauqualak, Mississippi, where he will spend several months with relatives. He has not been back in thirty years, and expects to find many changes when he arrives there.

## A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of the hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company, of New York, put out an ideal preparation if this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff, dry, itchy scalp, get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

### NEGRO TELLS HOW STANDARD OIL LETTERS WERE STOLEN

Chicago, Jan. 9.—William W. Winkfield, the negro who was an employee of the Standard Oil Company and who assisted in purloining the "Archbold letters" that eventually reached the public through William Randolph Hearst, told today how he "got in the deal."

He ridiculed a report that \$34,000 was paid for the letters and brought into the story a new name, that of Frank Morrell, who was an office boy and file clerk in the office of the oil company.

Winkfield said his connection with the letters was partly accidental. He caught Morrell and Charles Stump, he said, taking letter copy books from the files one day after office hours. This occurred in 1903 or 1904, he did not remember which.

Morrell and Stump, Winkfield declared, were so startled when he confronted them that they promised to "let him in on the deal" if he would keep quiet.

F. A. Dennison, Winkfield's attorney, explained that the reason his client accepted this proposal was that the Standard Oil Company had refused to raise his salary, although he had worked for it seven years.

"The report that we got \$34,000 is a joke," Winkfield said. "I don't know how much they got, but if I was to have received a third of that amount I did not get it."

While You Have Hair to Save.  
Use Newbro's Herpicide.

## COLDS DO NOT CAUSE CATARRH BAD BLOOD DOES

A cold will usually aggravate the symptoms of Catarrh, just as it may increase the pains of Rheumatism. But the cold has no more to do with the real cause of the one than with the other. Bad blood is the underlying cause for Catarrh; the circulation is infected with impurities which are deposited into the mucous membranes causing inflammation and irritation, followed by excessive secretion of the nose and throat, roaring sounds in the ears, neuralgia, inflamed eyes, etc. Being a deep-seated blood trouble, Catarrh must be treated constitutionally, for it is beyond the reach of local treatment. The blood must be purified—the cause removed before a cure can be effected. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the system by its fine tonic effects. In other words S. S. S. cures the trouble by supplying the mucous membranes with healthy, life-giving blood instead of saturating them with catarrhal impurities. Special book on Catarrh and all medical advice free to all who write and request same. S. S. S. is for sale at drug stores.
